

ABOUT US

China Quality Mark Certification Group (Abbr. CQM), is evolved from China Quality Mark Certification Committee approved by the former China State Bureau of Technical Supervision. CQM has been extending its range of services, become a comprehensive service provider for global market, providing certification, training, scientific research, policy research, standard development and international cooperation. CQM Group consists of CQM Ltd. headquarter and its dozens of branches and subsidiaries, has formed a service network covering all over the country.

At the beginning of certification industry in China, CQM's "Q", "S" logo were specially identified as the national general product certification mark. CQM certification services covered many sectors upstream and downstream of the supply chain, certification results are globally recognized. Our professional service is trusted by stakeholders of the production, trade, consumption. Being an IQNet partner, CQM has established and maintained a good cooperation and mutual recognition with more than 30 well-known international certification bodies, with growing international influence.

CQM is authorized to provide training courses for QMS, EMS, OHSMS and FSMS registered auditors and internal auditors.

Customer satisfaction is our forever working standard; enhancement of customer value is our ultimate goal. We will adhere to "Verification of Achievement, Pursuit of Excellence" mission, through the integration of standards development, certification, inspection, creating values for customers, providing a platform for staff development, and bringing social security and trust. We will abide by core value of "Persistence, Actions, Commitment, and Faithfulness", rely on our philosophy "Developing based on quality, operating with integrity", to evolve a competitive international service provider.
